

NOTICE OF PROPOSED CHANGES TO AN APPROVED RENEWABLE ENERGY PROJECT

Project Name: Bow Lake Wind Farm

MOE Reference Number: 8443-9BMG23

OPA Reference Number: F-000596-WIN-130-601 and F-000674-WIN-130-601

Project Location: Townships of Smilsky and Peever, District of Algoma

Dated at: the District of Algoma this the 31st of March, 2014

Nodin Kitagan Limited Partnership and Nodin Kitagan 2 Lim Nodin Kitagan Limited Partnership, by its General Partners Shongwish Nodin Kitagan GP Corp. and Shongwish Nodin Kitagan 2 GP Corp. (collectively "the Proponent") was issued a Renewable Energy Approval on December 16, 2013 in respect of the Bow Lake Wind Farm (the "Project"). Information with respect to the decision on this project can be viewed on the Environmental Registry by searching 011-9127.

The Proponent is proposing to make a change to the project and the project itself is subject to the provisions of the *Environmental Protection Act* (Act) Part V.0.1 and Ontario Regulation 359/09 (Regulation). This notice is being distributed in accordance with section 32.2 of the Regulation. This notice is being distributed to make the public aware of proposed changes to the project.

Project Description and Proposed Changes:

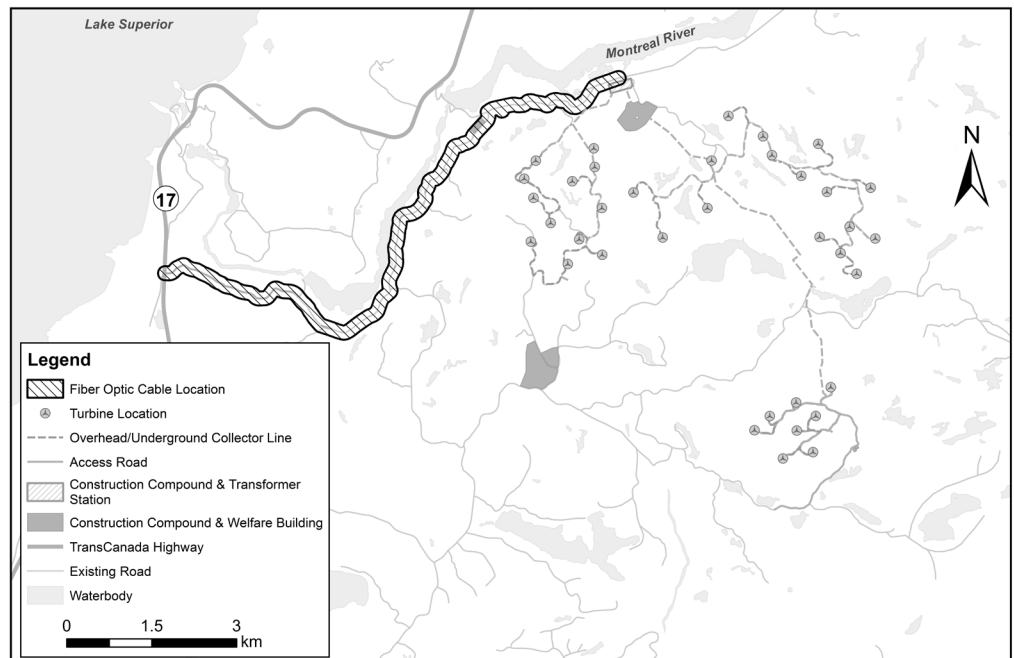

Pursuant to the Act and Regulation, the Project in respect of which the Renewable Energy Approval was issued, is a Class 4 Wind Facility. An application has been made to the Ministry of the Environment to change the project which may alter the terms and conditions of the existing Renewable Energy Approval. The proposed change consists of:

- the addition of temporary portable generator sets during construction and a backup generator during Project operation; and
- a modification to the Project Location to include the addition of a fibre optic communication line.

If approved with this change, this facility's total maximum name plate capacity would remain unchanged at 58.32 MW. The project location, taking the proposed change into account, is described in the map below.

Documents for Public Inspection:

The Proponent has been required to update the supporting documents that are required to form part of the application or which must otherwise be submitted to the Ministry of the Environment available to the public. Written copies of the draft supporting documents will be made available for public inspection on April 2nd, 2014 at Sault Ste. Marie North Planning Board office (669 Wellington Street East, Sault Ste. Marie, Ontario) and on the Project website at www.blueearthrenewables.com/bowlakewind
