

Two Rivers & Lucky Star Wind Projects

BluEarth Renewables and Clearway Energy Group are developing three wind projects across 100,000 acres of primarily private ranches in Carbon and Albany Counties, Wyoming. These projects will produce enough energy to power approximately 300,000 homes annually.

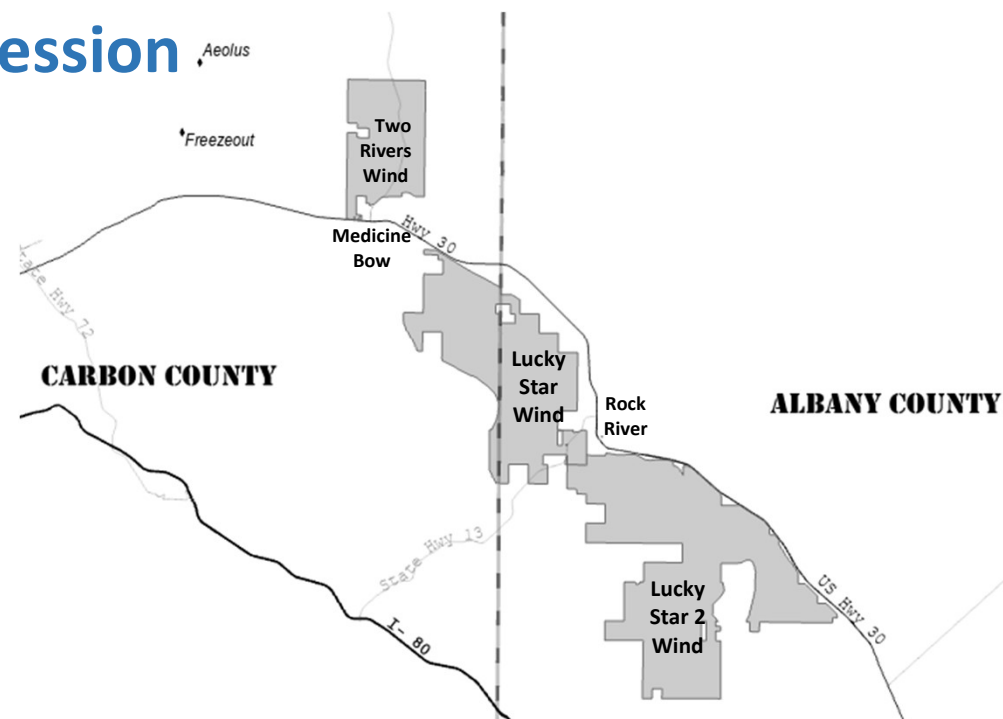

Two Rivers is a 280MW project located north of Highway 30 and Medicine Bow. Lucky Star is a 500 MW project, located south of Medicine Bow on the south side of Highway 30. Lucky Star 2 is a 625MW project, located south of Rock River on the south side of Highway 30.

Community BBQ & Information Session

We invite the public to attend our upcoming Community BBQ & Information Session where you can enjoy a burger, get an update on the projects, what to expect as development progresses, and meet the project team.

Date: Monday, May 1, 2023
Time: 4 p.m. – 7 p.m. (drop-in)
Location: Medicine Bow Community Hall
221 Pine Street
Medicine Bow, WY 82329

Please note: This event is not affiliated with or sponsored by the Medicine Bow Community Hall in any way.

BluEarth Renewables is a leading, independent, power producer that acquires, develops, builds, owns, and operates wind, hydro, solar and storage facilities across North America. Our portfolio includes 1 GW MWAC (gross) in operation, under construction & contracted pre-construction, and over 7 GW of high-quality development projects that are actively being advanced.
